These come in pearl gray, a dove shade, navy, tan and black, at \$1.00 per pair, put up in a neat Christmas box. We also have Silk Hose that we will box. Three pairs in a box at 50c per pair, the legs as far as they show are all pure silk, for 50c.

They are the kinds used for individual towels.

Ladies' Bath Robes

In the two weeks now before us to Christmas, we must needs to do some important thinking. For it is always hard to get just the thing for a present that your friends would want. Here are a few suggestions that may help.

Almost any lady would appreciate a good Blanket Bath Robe. These we have in a fine quality. They are made of the popular Beacon Blanket, in different styles. Some have the wide sailor collar, finished with wide satin bands and satin ribbon.

These Robes range in price from the medium weight, good patterns at \$2.98 to the heavy Blanket Robe finished with wide satin bands, in prices up to \$6.50.

In the Miesse's Junior Bath Robes we have the same qualities, only made in the junior styles, being shorter, and are not so full a garment. These range in price from \$2.50 to \$3.75. These Blankets are all made in first-class shape, and surely make an ideal Christmas present.

Look at our Beacon Blankets with Cord Sets to match, at \$3.00 per set.

One of our Messaline Petticoats will make a very good present, and is something that is always acceptable. See our special \$3.50 value.

Ladies' and Children's Furs

We sell more Furs during the three weeks up to Christmas than in any other six weeks of the season.

In Ladies' Fur Muffs, we start them at \$2.00 in a good quality Coney Muffs, and an Opossum Muff at \$2.50. While the Opossum Fur is not expensive, we feel that there is no Fur at the price that a customer gets so much real service from.

At \$3.98 we have a large line of Black and Isabella Opossum Fur Muffs that are an extra value, both for looks and service.

At \$5.50 to \$7.50 we have a large line of the popular Muffs, both in the Brook Mink and Opossum Fur. These are in a large size Muff. We can give you a good Scarf to match any of the above Muffs, in almost any quality you may want.

The popular Fox Fur is just as good this season and there is no Fur that has the style and beauty of the fluffy Fox Fur. These we have in all the popular qualities and at prices from \$9.00 to \$37.50 each, both in the Muff and Scarf to match.

Other popular Furs which we can give you are the Wolf, Coyote, Jap and Eastern Mink, Raccoon, Pony, Seal, Marmot and Lynx.

You will want to see our Sun Spun and Alpine Embroidered Handkerchiefs. They are the latest kinds and very pretty. Also our line of Initial Handkerchiefs at 5c, 15c and 25c and the large Silk ones at 50c each. Initials should be selected early as the stock always gets broken up before the last day.

For its initial engagement of six nights in the local opera house, Phil Maher's stock company had the inspiration of a large audience when it presented "Thorns and Orange Blossoms" last evening. It was probably the largest audience that has greeted a repertoire production this season and the generous sum-total of applause that the piece and its interpreters won may be taken as an indication of a liberal patronage during the remainder of the company's engagement. "Thorns and Orange Blossoms" is a stock production of average merit and Phil Maher's actor people possessed all the talent necessary to lend its ready interpretation. Between the acts, Phil Maher, well named "the brainstorm comedian," and Harry Bradley, a passing fair dancer, disported themselves on the boards to the evident amusement of the patrons. To-night the company will present "Her Marriage Vow."

The Russell Miller Milling Co., of Minneapolis, who operate twelve mills with an output of 10,000 barrels of flour daily and a mill storage for 1,500,000 bushels of wheat, also eighty country elevators with a capacity of 2,500,000 bushels of wheat distributed throughout the hard wheat growing section of North Dakota, stand behind us.

Occident Flour costs a little more than other flours. It is made for those people who care enough about bread to notice the difference in different kinds. It's enough better than other flours to be immediately noticeable.

We have made arrangements to have a representative from the Minneapolis mill with us this week and the price is right.

The firemen found the fire blazing up around a chicken coop in the basement and proceeded to douse the seething slats of the structure with chemicals. The applications were finally the means of quenching the fire and the damage was confined to the loss of a brood of chickens. The origin of the fire is unknown. Connected with the house is a long line of barns, also belonging to Mrs. Bolster, and considerable havoc would have resulted from the blaze had it not been for the early arrival of assistance from the fire station.
